Dear City Council Members,

Please do not approve Case Z-41-18. The proposal is inappropriate for where the building is located. It is too high. It could be built if in the designated area for high rises. It would be a great proposal if placed according to the General Plan for Phoenix.

Please think about what would be best for Phoenix. This project, if approved, would create many consequences that would make it difficult for our neighborhood (and for other neighborhoods around Phoenix like ours) to preserve what we love about our way of life.

Thank you for your attention to this matter.
